

PRESCHOOL CLASSES

WILMINGTON ISLAND UNITED METHODIST PRESCHOOL

We offer preschool classes for ages 2-4 with a variety of options. Our classrooms are filled with so many wonderful experiences.

A typical day in our preschool classes will include circle time for learning our letters, numbers, shapes, and colors, listening to wonderful books, participating in music and movement, exploring learning centers and sensory activities, developing fine motor skills, completing process art projects, playing and exploring new things, participating in individual and small group work, using math manipulatives, science exploration, gross motor play inside and out of the classroom, develop language and social skills and so much more! All activities are carefully planned and developed with purposeful play in mind.

Each week the children go into the sanctuary for chapel and music, participate in story time with our mystery readers, and this next year will get to participate in yoga for kids. Beginning in 3s, all children need to be 100% toilet trained. No Pull ups and must be able to tell an adult they need to use the restroom.
